DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. 11/2

CONTROL OF INTELLIGENCE AND/OR INTELLIGENCE INFORMATION

Pursuant to the provisions of NSCID No. 1 and NSCID No. 11 and for the purpose of controlling the dissemination and use of intelligence and/or intelligence information (hereinafter called information) the following principle and procedure is established:

1. No dissemination or use will be made of intelligence and/or information without permission of the originating agency or agencies unless provided in this directive. In controlling dissemination and use of intelligence and information, the policy of need-to-know set forth in NSCID 11, paragraph 3, will be closely followed.

2. The standardization of the stamps set forth in this directive does not preclude a department or agency from adding internal controls to provide for its specific internal requirements.

3. Whenever it is necessary to provide for control of intelligence and/or information other than control provided by the appropriate security classification, the warning Special Handling and an appropriate control stamp or stamps will be placed upon a document. These stamps may be followed by the definitions below, or used alone. Stamps will be in full capitals.

4. a. NOFORN No dissemination of this material will be made to foreign nationals, including U.S. government employed or utilized foreign nationals, without permission of the originating agency.

1) This stamp may be modified, for example, NOFORN

- b. **"IAC ONLY"** Use limited to full-time employees of CIA and intelligence components of Defense, State, AEC and FBI. Not to be disseminated to part-time consultants, reserve personnel on short term active duty, external projects, or to non-intelligence governmental components, without permission of the originating agency.
- c. **"NO DISSEM ABROAD"** No dissemination outside the United States will be made of this material without permission of the originating agency.
- d. **"NOT TO BE USED IN FINISHED INTELL."** No use will be made of this material in the production of finished intelligence without permission of the originating agency.
- e. Controlled information which does not bear the stamp ("Not to be Used in Finished Intel") may be used in the production of finished intelligence to be disseminated further than permitted for the controlled information, provided the producer has used the controlled information in such a way that the source and/or the method of collection is/are not revealed and has referred only to an agency as the contributor, rather than to a report series or a specific office.
- f. Whenever controlled information is used in digests or summaries (as opposed to finished intelligence), the dissemination of the digests and summaries will conform to the controls on the information and the control phrases will be reprinted with the permission to include controlled information in information.

digests or summaries which receive a broader distribution than allowed by the controls on the information will be requested of the originating agency.

g. Whenever desired control over dissemination and use of intelligence and/or information categories and series is not provided in a, b, c, d and e above, the originator of intelligence and/or information will consult with CIA/CIC which will develop a solution to the problem among the interested agencies.
